SERVICES UPDATES

North East Asia to Australia East Coasts Rate Restoration

Wednesday, May 3, 2023

Share

Dear Valued Customer

With current freight rate no longer able to cover the basic operating costs, ANL will be implementing a rate restoration programme from 21st May, 2023 at USD200 per 20' dry/reefer & USD400 per 40' dry/reefer for all shipment from North East Asia to Australia East Coasts in order to maintain a high service level. This increase will apply on top of current Spot/FAK rates subject to all applicable surcharges valid on time of shipment.
