Notice To Australia Trade Southbound Rate Restoration

To maintain a high standard service level with fast transit time and reliable schedule to our clients, COSCO SHIPPING LINES decided to introduce a “Rate Restoration” (RR) on its southbound service from North East Asia to Australia as below:

The increase will be **USD250/20’** and **USD500/40’** from North East Asia to Australia with effective date : 21st May. 2023.

This rate restoration ensures that we can continue to provide the greatest reliability and long-term sustainability for these services against the backdrop of the significant cost.

Remark:

1. Please relay above message to all parties concerned in your area.
2. Except as otherwise provided, all other rates against subject new rates should be null and void.
